Port-City Relations: Integration, Dialogue and Shared Development

Strengthening Port-City Relations through Planning, Social and Environmental Integration

NOVEMBER 13, 2025

Presented by:

Candice Baptiste
Head of Marketing/ Public Relations,
Port Authority of Trinidad & Tobago

About the Port Authority of Trinidad & Tobago

Established by the Port Authority Act 51:01 in 1961. The Port Authority, has direct responsibility for the **Ports of Port of Spain, Scarborough** and **Charlotteville**. The PATT Operations are divided into three Strategic Business Units (SBUs):

Port of Port of Spain (PPOS)

International and
Regional Cargo &
Container Handling

Trinidad & Tobago Inter-Island Transportation Company (TTIT)

Inter-Island Passenger
& Ferry Services

Port of Spain Infrastructure Company (POSINCO)

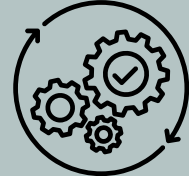

Cruise Shipping &
Port Facilities Management

PATT's Economic Impact

Women in Leadership

50 % in Leadership
45.5 % in Management

Job Creation

- 1500 Employees
- Footprint exceeds 4,000–5,000 Jobs Nationally
- 7% GDP -Transport Sector

Urban Development

Significant amount of land developed and leased to SMEs and Craft Vendors

Shared Governance

Collaborative Effort
Across several local, regional and international spaces towards maritime advancement

From Challenges to Action

- Disconnect between the port's strategic importance and the public's perception of its role.
- Participation in trade shows: branding and awareness gap.
- Media coverage and public mentions were similarly disconnected.
- Minimal environmental initiatives with no clear direction.

The 4P's of the Port “Anchored in Care”

Port Pathways

Inspiring the next generation of maritime professionals

Port Community Connect

Building stronger communities together

Port Green Horizons

Caring for our environment, protecting our future

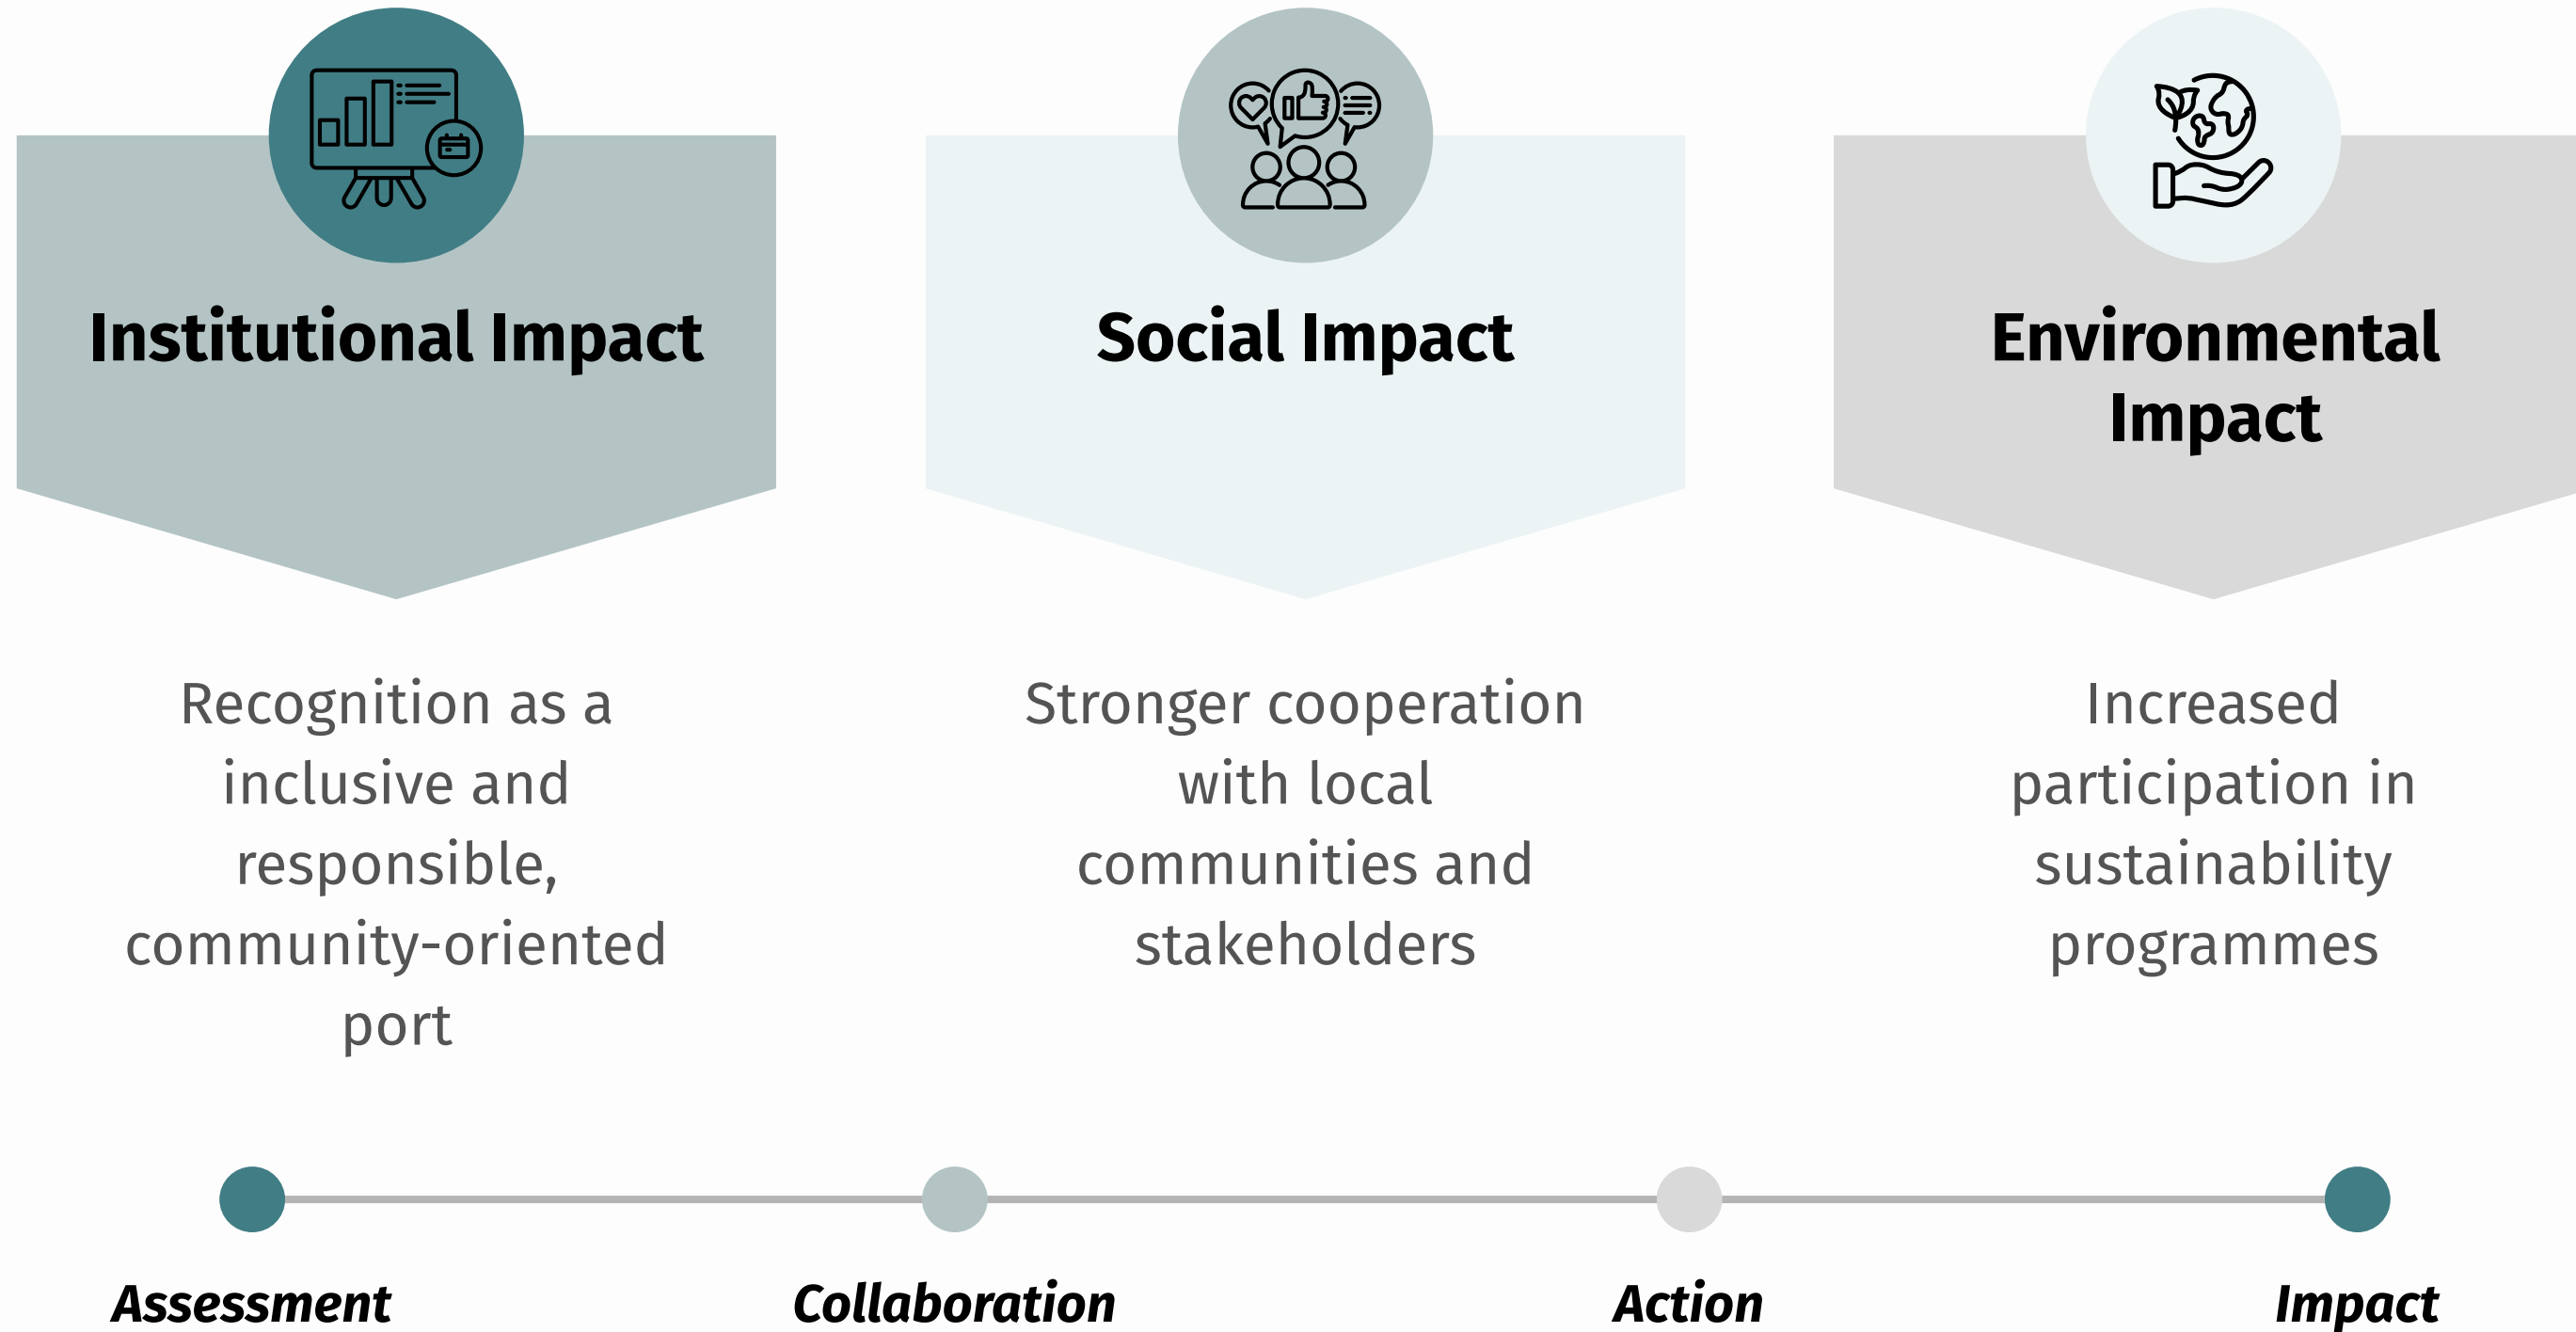

Port Enterprise Hub

Empowering businesses to grow and thrive

Results & Impact

The Way Forward

Next Steps

Government of T&T has recently launched a revitalisation blueprint for a new Port City- 400 acres for logistic zone and 4 million TEUs capacity

Our Goal

PATT's Goal - To create a port that grows with its city- achieving shared prosperity through integration and dialogue
