Disaster Risk Management

Maslow's Hierarchy of Needs

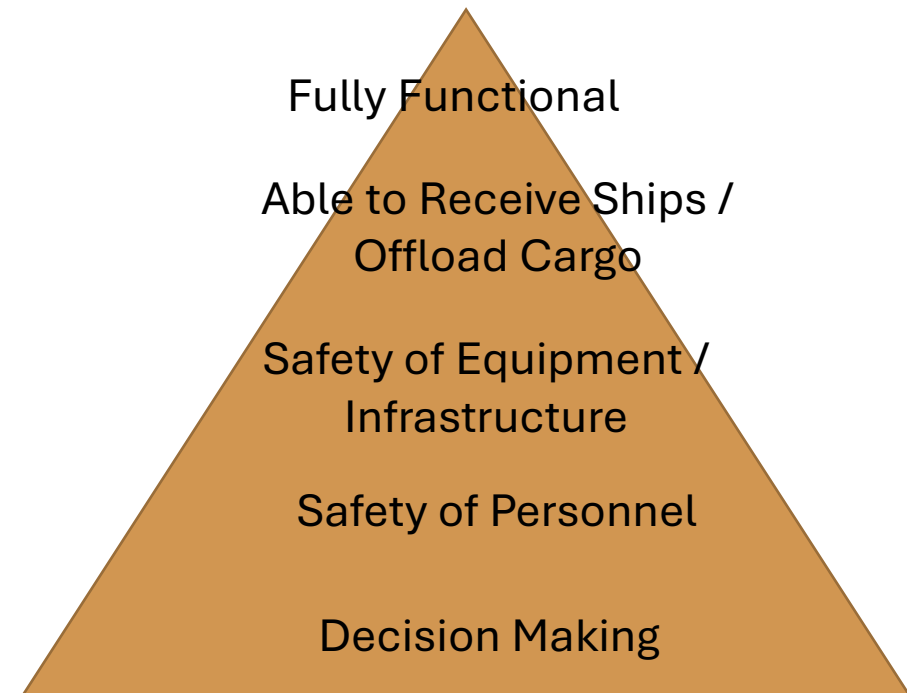

Disaster Risk Management

Maslow's Hierarchy of Needs

DRM Hierarchy of Needs

Disaster Risk Management

DRM Hierarchy of Needs

All systems normal

Electricity, cranes, trucks, stackers, forklifts

Close piers, ships underway, shelter cargo handling equipment

Evacuation, shelter in place, emergency comms

Delegation of authority, preplanned responses

Fully Functional

Able to Receive Ships /
Offload Cargo

Safety of Equipment /
Infrastructure

Safety of Personnel

Decision Making

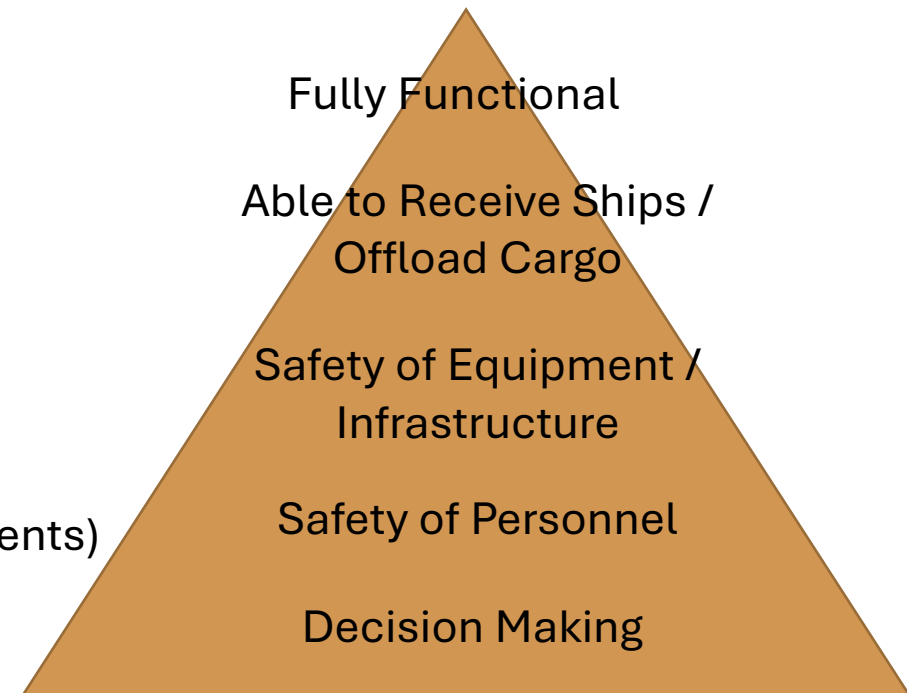

Disaster Risk Management

Delegation of Authority

- Activate DRM plan
- Order evacuation
- Close the port / Reopen the port
- Release communications / statements
- Authorize funds

Preplanned Responses

- Electricity
- Communications (ships, employees, govt agencies, clients)
- Shelter in Place
- Shelter cargo handling equipment
