FEATURING:

CAMEINTRAM

**Roundtable Discussion on Sustainable Operations:
Decarbonization of the Port-Maritime Sector**

Date: Thursday, April 25, 2024

Time: 12:00 PM EDT

The Roundtable Discussion, organized by the Secretariat of the Inter-American Committee on Ports (CIP) of the Organization of American States (OAS), in collaboration with the Institute of the Americas (IOA) will bring together a group of experts on sustainable operations and environmental protection, who will share knowledge, ideas and experiences through an open, dynamic and interactive dialogue.

Experts from the World Wildlife Fund (WWF) Mexico, MIS Marine, Maritime Procurement Services (MPS) and the Mexican Chamber of the Maritime Transportation Industry (CAMEINTRAM), will address the current most pressing challenges, trends, emerging technologies, and green actions that catalyze the decarbonization of the port-maritime sector.

Agenda

12:00 – 12:10 Opening Remarks

Jorge Durán, Chief of the Secretariat, OAS – CIP

Tania Miranda, Director of Environment & Climate Change Program, IOA

12:15 – 13:00 Roundtable Discussion

Moderator: **Sabina Malnis**, Projects Manager, OAS-CIP

Eric Serratos, International Affairs Committee Chair, CAMEINTRAM

Salomón Díaz, Coordinator for Maritime Decarbonization Sector, WWF Mexico
